

FAIRVIEW FARM CLOSE

OFF DOAGH ROAD
BALLYCLARE

Seventh
DEVELOPMENTS

THOUGHTFULLY DESIGNED. NATURALLY PLACED.

Set amid the rolling countryside of Ballyclare, Fairview Farm Close offers the calm of rural living while remaining well connected to everyday amenities and commuter routes. This sought-after town centre location provides a rare balance of open surroundings and convenience, ideal for modern family life.

Positioned just off the Doagh Road, Fairview Farm Close enjoys close proximity to Ballyclare's wide range of amenities, including schools, leisure facilities, cafés and shops. The town centre is within comfortable walking distance, making it easy to pick up everyday essentials without the need for a car – a convenience not always found in more outlying developments. Belfast and Antrim are also easily reached via nearby arterial routes and motorway links.

Ballyclare offers an excellent mix of everyday convenience and leisure, with facilities such as Sixmile Leisure Centre, Greenacres Golf Centre, local cafés and shops, and the wider retail and dining options at The Junction just a short drive away.

Comprising just nine thoughtfully designed homes, Fairview Farm Close is a small and carefully considered development, offering a sense of privacy and individuality rarely found in new-build settings. The collection includes one detached home and eight semi-detached properties, each designed with comfort, practicality and long-term living in mind.

With spacious interiors, quality finishes and an emphasis on light and layout, the homes at Fairview Farm Close provide a welcoming setting for everyday life – where modern living meets a more relaxed pace in a location that continues to appeal year after year.

DESIGNED FOR EFFICIENT, SUSTAINABLE MODERN LIVING

Fairview Farm Close offers beautifully designed A+ rated energy-efficient homes, helping you enjoy lower running costs and reduced energy bills from day one.

With features such as solar PV panels, high-performance insulation and energy-efficient windows and appliances, every home is built to maximise comfort while minimising environmental impact.

Finished to a high turnkey standard and backed by a 10-year structural warranty, these homes also qualify for green mortgage benefits, adding even greater long-term value.
