# WHY SIMPSON?

Because we know what matters to you.

We are committed to creating quality homes where you love to live, work and relax - homes that are light-filled, adaptable, stylish and finished to the highest standards. Our experienced team have hand picked award winning architects, established suppliers and expert tradespeople to deliver over 1000 homes to you over the last 30 years.

By choosing to buy from us, you're starting off on the right foot, and we will be there with you every step of the way.

SIMPSON HOME

## You get more for your money!

A new Simpson home is built to a much higher specification than the majority of older homes so you get a better home to begin with! We will engage with you to find out what you really want and constantly follow interior trends so that we can offer lots of really useful stuff as "standard" that others don't

## Go wild or go beige!

Your new Simpson home is fresh, bright and untouched. Whether it is customising the layout to suit your needs or changing the specification we encourage you to add your own style and personality from day one!

## Everything's gone green!

Live green, love green, think green. All of our new homes are built to the very latest environmental standards which makes them kinder on the planet but also kinder on the pocket. Energy efficiency ratings on our new homes could mean a saving on average of £500 per year on heating bills.

## Too many choices!

Our new developments offer something for everyone. We have many designs and styles of homes to choose from in all price ranges. You will be spoilt for choice!

## Creating Communities

With a new build home comes a new community; with new residents, more open to building new relationships and links with their neighbours, form social support, and look after those (amazon) deliveries until you get home.

## No chain =No stress!

One of the major advantages of buying a new build is that you are in control. With no other parties involved, you can have peace of mind knowing that there are less issues that may arise which are out of your control leading to a smoother purchasing process. Allowing you to focus on the excitement of moving into your brand new home and making it your own.

## Contentment, covered!

All of our new homes come with a 10 year structural warranty along with a comprehensive customer care service. Our high building standards apply to every aspect of construction in your new Simpson home - structure, ventilation, sound insulation and fire safety, so you can enjoy living in a safe and secure environment

## A helping hand

Some of our new homes are available to purchase through Co-Ownership, helping many people to afford their dream home without being overstretched.

## Maintaining perfection

Your Simpson home will be built in line with Building Control regulations and specified materials which means that you shouldn't have to worry about repairs for a while.

# WELCOME TO CHICHESTER PARK...

## EXTRA "SMART" OPTIONS WE CAN BUILD SMARTER SO YOU CAN LIVE BETTER

### ELECTRIC VEHICLE CHARGING POINT

A home EV charging point which uses your domestic supply can be installed in your driveway as an optional extra, allowing you to charge your car overnight, providing a great way to reduce your carbon footprint.

### SMART HEATING

Smart Heating can allow you to control the temperature in different rooms of your house when you are away from home by using an app on your phone or tablet.

### SMART ALARM

Smart Alarms can let you know your home is secure when you're not there. You can add sensors and cameras that will alert you when triggered - all controlled from an app on your phone!

### VIDEO DOORBELL

Acting like a digital concierge, this optional extra can manage visitors to your home. These internet-connected doorbells alert you if a parcel has arrived, and enable you to see who is at your door via your phone or tablet - even if you're not at home!
