Homes designed and built with you in mind

Surrounded by picturesque landscapes in the beautiful countryside of County Antrim, Carncormick Meadow offers an outstanding collection of detached and semi-detached homes. Ensuring the harmonious blend between rural tranquillity and modern family life, Carncormick Meadow is the perfect choice for families hoping to settle down in a peaceful and secluded haven, all the while being situated within close proximity to everyday amenities and attractions.

Positioned within a prime rural location, Carncormick Meadow offers the unique appeal of countryside living, without sacrificing convenience and accessibility to neighbouring towns and villages. With a number of local attractions situated just a stone's throw away, homeowners are spoilt for choice when it comes to nearby things to see and do. Glenariff Forest Park, fondly nicknamed the Queen of the Glens, offers breath-taking waterfalls, woodland trails and stunning views, ideal for those hoping to spend time in nature. The quaint villages of Cushendall and Waterfoot can be found just a short distance away, featuring stunning beaches and local eateries. Ballymena is also located within close proximity, providing an array of shops, boutiques and leisure facilities.

Situated within a short drive of every amenity a homeowner may need, Carncormick Meadow guarantees convenience for residents. With leading primary and secondary schools, grocery stores, recreational and entertainment facilities, and a multitude of open, green spaces all reachable in just a short drive, Carncormick Meadow has access to it

all. Carncormick Meadow is also well-connected for those undertaking the daily commute. With excellent road and public transport links, travel has never been easier for those visiting nearby areas such as Ballymena and Belfast.

Designed to an impeccably high standard, the homes at Carncormick Meadow boast style, comfort and luxury. Reflective of the natural beauty which surrounds the Carncormick Meadow development, these properties showcase bright, spacious interiors and striking exteriors. Thanks to exceptional craftsmanship and thoughtful design, featuring high-quality fixtures and fittings throughout, the homes at Carncormick Meadow provide a low maintenance property, ensuring that homeowners have little to do except kick back and relax at the end of a long day. Perfect for hosting guests and entertaining family and friends, homeowners are ensured versatility and practicality in their new home. With each home offering three bedrooms, Carncormick Meadow also provides generous accommodation when it comes to growing families.

EPC A Rated Energy Efficient Homes

The homes at Carncormick Meadow have been designed to be more sustainable by retaining heat and saving on energy bills. The energy efficiency of these homes will be achieved by using thermally efficient insulation, highly thermal doors and windows, and the latest in heating technology.

Each home is fitted with low profile roof integrated all black solar panel system that will produce electricity, even on a cloudy day.

The benefits of a Solar PV System are that it will reduce your carbon footprint, increase the efficiency of your home and save you money on your electricity bills.

With our low profile roof integrated all black solar panel system, you can save up to £500 per year on your home electricity bills (savings dependent on energy provider and tariff).

Thermally Efficient Insulation

This is a key component of our homes. We use high specification materials which significantly improve the thermal performance of your home, reducing your heating bills and your carbon emissions.

High Quality Windows & Doors

High specification doors and accredited double glazed windows ensure that the heat in your house stays in your house.

Photovoltaic (PV) Solar Panels

All homes at Carncormick Meadow will be complete with a minimum of 5 PV panels. The location and number of panels is determined by computer modelling in order to optimise the efficiency levels. This will allow our home owners to produce their own renewable electricity.

Green Mortgages

Typically, green mortgages offer home-seekers an incentive to buy an energy-efficient house and are usually available for new builds that meet specific criteria such as an energy performance certificate (EPC) rating of A or B. We build homes which meet this criteria, so ask your financial advisor about your green mortgage options.
