A harmony of town and country living

Modern, Serene and Connected. | Created for living | Your home matters

4

Interior from a different Hagan show home.

Springwater brings a harmony of town and country living to Jubilee Road, Ballyclare—77 new homes designed for real life, in a setting that gives you room to grow and space to breathe.

A mix of townhouses, semi-detached and detached homes, this £18 million Hagan development combines modern design with proven construction, supporting 60 local jobs along the way.

Homes here are efficient, comfortable and well laid out—built for everyday ease and long-term peace of mind. Whether you're just starting out, upsizing or settling into something more manageable, Springwater offers the right kind of space in the right kind of place.

With Ballyclare town close by and green fields on your doorstep, it's a simple, well-balanced way to live.

A handy and suitable location

Beneficially located

Minutes from Ballyclare town, just 25 minutes from Belfast for work or study, and moments from peaceful countryside.

GOOD FOR WELLIES, GOOD FOR HEELS, GOOD FOR SCHOOLS.

Springwater homes are designed for real life. A collection of 77 townhouses, semi-detached and detached homes, this development blends modern living with the calm of nature. Ballyclare is right on your doorstep, with easy links to surrounding areas and the city.

Built around three simple ideas—modern, serene, and well-connected—Springwater is a place to call home. Located on the recently opened Jubilee Road, which links Templepatrick Road and Doagh Road around the edge of Ballyclare, it's a fresh start in a growing part of town.

Whether you're commuting, working from home, or on the school run, you're well connected by road, bus or bike. And with Belfast just 25 minutes away, the city is always within reach.

Every home is designed with living at its heart and built using trusted modern methods. Designed Efficient—making the right choices for you and the planet—these homes generate electricity, retain heat, and help reduce energy bills.

The smart 3 and 4 bedroom turnkey homes offer flexible layouts to suit your lifestyle. High-spec kitchens and bathrooms come as standard, with some homes finished in either brick or render exteriors.

Springwater offers the perfect blend of modern life and natural surroundings. Whether you're a first-time buyer, downsizing or investing, these homes are made for living—because at Hagan, it begins at home.

For bright futures

Designed Efficient

Our homes produce electricity, retain heat and save on energy bills.

New homes built by Hagan:

- | | |
|---|--|
| | Increase efficiency ✓ |
| Reduce carbon footprint ✓ | A-rated Energy Performance Certificate (EPC) ✓ |
| High specification insulation and glazing ✓ | Good for green mortgages ✓ |
| Latest heating technology ✓ | Modular construction and high performance ✓ |

Save up to **£500/year** on electricity*

*energy provider tariff dependent

Computer visual

Designed Efficient

The right choices for you and the planet.

Timber frame construction

Timber frame homes are faster to build-often wind and watertight within two days. High-performance insulation contributes to reducing energy bills by up to 50%. As a renewable material, timber uses 20% less energy in production, with every tree harvested replaced, making it one of the most sustainable construction methods.

High quality windows & doors

Windows and doors are sustainably made by Baskil Window Systems using wind and biomass energy, with strong recycling and water treatment in place. Double-glazed uPVC windows combine style and performance, while composite entrance doors and hardwood frames offer modern comfort, energy efficiency, and a distinctive finish.

Smart Heating Control System

The Ember PS smart heating system offers convenient, cost-effective control with a free app for multiple users. Manage heating from your phone, at home or abroad. The WiFi-ready RF thermostat communicates with your boiler to maintain ideal temperatures, with features like boost, scheduling, holiday mode, and multi-home control.

Renewable PV solar panels

Each low-profile roof is integrated with a minimum of five black solar panels, depending on orientation, to support an A-rated energy performance. The system produces electricity even on cloudy days, converted via a Solis Mini Series Inverter, with potential savings of up to £500* a year (*energy tariff dependent).

Thermally efficient insulation

High-performance specification with excellent U-values helps retain heat, reduce emissions, and contributes to lower energy bills. Glass mineral wool insulation in timber walls minimises air movement, cuts heat loss, and absorbs sound. Glidevale Protect TF200 Thermo insulating breather membrane protects the external walls, insulated ground floor and roof exceeds building regulations-delivering comfort, efficiency, and long-term savings.

Green Mortgages

Green mortgages offer incentives-such as lower interest rates or cashback-for buying energy-efficient new homes. They typically require an EPC rating of A or B, which our homes meet. Benefits include reduced borrowing costs due to lower energy use, aligning with government efforts to promote sustainable, low-carbon housing.

Aspirational new homes, thoughtfully delivered by Hagan.

Every innovative, forward-thinking Springwater home is designed by our in-house architects and creative team. For 37 years, Hagan has been making high-quality, competitively priced homes and building thriving communities.

Your new home in 8 steps: First-time buyer

Buying your first home is exciting, but knowing where to start can be tricky. That's why we've broken it down into eight simple steps.

First, check if you're eligible for a mortgage. Then, once you've found the right home, secure it with a booking deposit. Our Selling Agent will guide you and request your solicitor's details — if you don't have one, we can recommend trusted options.

Wherever you are on your journey, we're here to help. Let's get you moving!

[See 'First-time buyer guide'](#)

[See 'Existing home owner guide'](#)

1. Secure your mortgage eligibility

2. Choose your home and solicitor

3. Sort your booking and start the process

4. Formalise your mortgage application

5. Select your home finishes

6. Sign your contract and pay deposit

8. Completion of your home

Made for living **by Hagan**

1.**Experience that builds better places to live**

With over 37 years of homebuilding behind us, we know what matters. Every home is part of a bigger picture—designed for how people really live, now and in the future.

2.**Beautifully made, built to last**

We set a high bar for quality. Our homes are finished with care, precision and a clear ambition to create something that feels special from day one.

3.**Homes with more vision**

Every layout, detail and finish is shaped by our in-house design team. We focus on flow, character and potential—so your home not only works well, it feels right.

4.**Fairly priced, thoughtfully planned**

We deliver lasting value through good design, lower running costs and homes that hold their worth over time.

5.**Designed efficient**

From insulation to smart heating, our homes retain heat and reduce energy use. Modern systems make life simpler—and more affordable.

6.**We stand by what we build**

Every home comes with two years of cover from Hagan for defects in workmanship or materials. They are also protected by a 10-year NHBC structural warranty.

7.**Support that's genuinely helpful**

We stay involved after you move in, with a dedicated after-sales team and clear, reliable support when you need it most.

8.**Make it your own**

Choose from a wide range of finishes—from worktops to handles and doors. Our visualiser helps you picture your space before it's built.

9.**Part of something bigger**

Our homes are well-placed near schools, shops and green space—and often part of wider regeneration that brings fresh energy to local communities.

10.**A smart move for the future**

With strong resale potential and a reputation for quality, a Hagan home is more than a good place to live—it's a move you can feel confident about.

Support that stays with you

Customer care at Hagan starts the day you reserve your home. From your personal handover with our site team to the welcome pack and walkthrough, we make sure everything feels clear, considered and ready for you.

Every home is carefully inspected before you move in. If anything needs attention, we'll handle it—promptly, with a straightforward process and someone real to talk to.

You're covered too. We take responsibility for any defects in workmanship or materials for the first two years, with NHBC structural protection through to year ten. Appliance warranties are also included.

Because we don't just build homes—we take pride in them. And we look after the people who live in them.

For Hagan, it's personal.
