Neighbourly, Rooted, Welcoming.

01.

Modern homes in a place where connections run deep.

Life moves differently here. There's a rhythm to Castlecaulfield, one shaped by the seasons, quiet mornings and familiar faces. At Lisnacastle Gardens, you're close to everything that matters; the local primary school, the village shop and pub when you need one.

Dungannon is just a few miles away for everything else. These 3 and 4-bedroom detached and semi-detached homes are built for everyday ease. With A-rated EPCs, high-spec insulation, Ember PS smart heating, solar panels and turnkey finishes, they're ready for green mortgages and lower running costs. Whether you're cooking for the family, working from home or simply slowing down, there's space to do it your way.

Among open fields and welcoming neighbours, Lisnacastle Gardens is a place to put down roots and build a life that lasts.

Where the pace is steadier and the ties are stronger.

Neighbourly streets, wide skies and a backdrop of rolling green.

Lisnacastle Gardens offers the calm of country living with everyday connections close by; schools, shops and the spirit of a village where life has always run a little more gently. A place to grow, ground yourself, and feel part of something lasting.

FAMILIAR FIELDS, FRESH FOUNDATIONS, GOOD COMPANY.

Castlecaulfield holds its history in the land. The ruins of Castle Caulfield still overlook the village, a 17th-century manor built on older ground, where stone walls and old boundaries still shape the fields and roads. It's a place that holds memory well — of gardens tended, paths walked often, and a rhythm that hasn't rushed.

That continuity lives on in the people. Castlecaulfield Horticultural Society has helped the village bloom, while football, angling and walking groups keep the community close. There's time here for growing things, knowing people, and settling in.

Lisnacastle Gardens is part of that story. These A-rated EPC homes bring modern living into step with a place that's long known how to last. Considered, enduring, and quietly connected.

For bright futures

In a village where roots run deep and community matters, Lisnacastle Gardens is surrounded by schools that feel part of something bigger. From welcoming pre-schools to respected secondaries, this is a place **where learning grows naturally, and children grow with confidence.**

Castlecaulfield and Dungannon local guide

Make yourself at home in Castlecaulfield.

The village that holds its shape

Castlecaulfield isn't trying to be anything other than itself, and that's the appeal. A small village with deep roots, it keeps things steady and familiar. Close to the countryside, and just far enough from the rush. Lisnacastle Gardens sits gently in that pattern - among fields, families and local fixtures that make everyday life feel well-shaped.

Where connection still means something

This is the kind of place where people stay. Not just for the setting, but for the neighbours, the local football teams, the garden shows, and the shared sense that community is something you tend to. Dungannon is just up the road, but Castlecaulfield has its own rhythm. Slower, quieter, and stitched together with care.

Built on care, not clutter

There's no big statement here, and that's what makes it work. You'll find everyday essentials in easy reach - school, shop, village pub - and weekend breathing space all around. Angling clubs, walking routes and a strong horticultural tradition shape village life, while Dungannon adds retail, supermarkets and services when you need them.

Discover Castlecaulfield and Dungannon

Field lines, footpaths and a few local fixtures
You'll walk into the village, not through it. Gateposts, garden walls and old routes hold their place, while life carries on around them. Quiet, steady, and built on mutual understanding. You don't need much here to feel like you belong.

More than just rural, this is rooted
Lisnacastle Gardens isn't just well placed, it's part of a place that knows who it is. With open space around you and strong connections nearby, it's somewhere that holds its shape while giving you room to grow.

Make your next move somewhere already grounded in what matters.

Designed Efficient

The right choices for you and the planet.

Timber frame construction

Timber frame homes are faster to build-often wind and watertight within two days. High-performance insulation contributes to reducing energy bills by up to 50%. As a renewable material, timber uses 20% less energy in production, with every tree harvested replaced, making it one of the most sustainable construction methods.

High quality windows & doors

Windows and doors are sustainably made by Baskil Window Systems using wind and biomass energy, with strong recycling and water treatment in place. Double-glazed uPVC windows combine style and performance, while composite entrance doors and hardwood frames offer modern comfort, energy efficiency, and a distinctive finish.

Smart Heating Control System

The Ember PS smart heating system offers convenient, cost-effective control with a free app for multiple users. Manage heating from your phone, at home or abroad. The WiFi-ready RF thermostat communicates with your boiler to maintain ideal temperatures, with features like boost, scheduling, holiday mode, and multi-home control.

Renewable PV solar panels

Each low-profile roof is integrated with a minimum of five black solar panels, depending on orientation, to support an A-rated energy performance. The system produces electricity even on cloudy days, converted via a Solis Mini Series Inverter, with potential savings of up to £500* a year (*energy tariff dependent).

Thermally efficient insulation

High-performance specification with excellent U-values helps retain heat, reduce emissions, and contributes to lower energy bills. Glass mineral wool insulation in timber walls minimises air movement, cuts heat loss, and absorbs sound. Glidevale Protect TF200 Thermo insulating breather membrane protects the external walls, insulated ground floor and roof exceeds building regulations-delivering comfort, efficiency, and long-term savings.

Green Mortgages

Green mortgages offer incentives-such as lower interest rates or cashback-for buying energy-efficient new homes. They typically require an EPC rating of A or B, which our homes meet. Benefits include reduced borrowing costs due to lower energy use, aligning with government efforts to promote sustainable, low-carbon housing.

Aspirational new homes, thoughtfully delivered by Hagan.

Every innovative, forward-thinking Lisnacastle Gardens home is designed by our in-house architects and creative team. For 37 years, Hagan has been making high-quality, competitively priced homes and building thriving communities.

Made for living **by Hagan**

1.**Experience that builds better places to live**

With over 37 years of homebuilding behind us, we know what matters. Every home is part of a bigger picture—designed for how people really live, now and in the future.

2.**Beautifully made, built to last**

We set a high bar for quality. Our homes are finished with care, precision and a clear ambition to create something that feels special from day one.

3.**Homes with more vision**

Every layout, detail and finish is shaped by our in-house design team. We focus on flow, character and potential—so your home not only works well, it feels right.

4.**Fairly priced, thoughtfully planned**

We deliver lasting value through good design, lower running costs and homes that hold their worth over time.

5.**Designed efficient**

From insulation to smart heating, our homes retain heat and reduce energy use. Modern systems make life simpler—and more affordable.

6.**We stand by what we build**

Every home comes with two years of cover from Hagan for defects in workmanship or materials. They are also protected by a 10-year ICW structural warranty.

7.**Support that's genuinely helpful**

We stay involved after you move in, with a dedicated after-sales team and clear, reliable support when you need it most.

8.**Make it your own**

Choose from a wide range of finishes—from worktops to handles and doors. Our AI visualiser helps you picture your space before it's built.

9.**Part of something bigger**

Our homes are well-placed near schools, shops and green space—and often part of wider regeneration that brings fresh energy to local communities.

10.**A smart move for the future**

With strong resale potential and a reputation for quality, a Hagan home is more than a good place to live—it's a move you can feel confident about.

Support that stays with you

Customer care at Hagan starts the day you reserve your home. From your personal handover with our site team to the welcome pack and walkthrough, we make sure everything feels clear, considered and ready for you.

Every home is carefully inspected before you move in. If anything needs attention, we'll handle it—promptly, with a straightforward process and someone real to talk to.

You're covered too. We take responsibility for any defects in workmanship or materials for the first two years, with ICW structural protection through to year ten. Appliance warranties are also included.

Because we don't just build homes—we take pride in them. And we look after the people who live in them.

For Hagan, it's personal.
