The Grounds:

Outside, the property continues to impress. The formal gardens to the front are beautifully landscaped, with neat lawns, well-stocked flowerbeds, ornamental shrubs, and a variety of mature plants providing year-round interest. A paved seating area provides the perfect spot to relax and take in the far-reaching views over the land and rolling countryside beyond.

Adjacent to the formal garden is a productive vegetable plot, along with an enclosed orchard section containing fruit trees and berry bushes, ideal for those looking to grow their own produce. A gate from the garden leads directly into the paddocks, ensuring easy access to the land and equestrian facilities.

The land extends to approximately 5.31 acres, thoughtfully divided into two fully enclosed fields with post-and-rail and mature hedgerow boundaries. Ideal for grazing or schooling horses, these paddocks are level and well maintained. In the top field, there is a natural pond, providing a water source for wildlife and animals. The property also includes ownership of an adjacent green lane (approx. 0.22 acres), offering direct off-road access for riding, walking, or additional vehicle access—perfect for exploring the surrounding countryside. It is also worth mentioning there is a water feed to the fields as well as a separate feed to the vegetable area.

A key feature of the property is the substantial detached Pole Barn, offering ample space for larger vehicles, trailers, or machinery. This versatile building is complemented by a stable block comprising four bays, currently used for storage but equally suitable for smallholding horses.

With ample driveway parking, scope for additional development (subject to planning permission), and a peaceful yet highly accessible location, this outstanding home is perfectly suited to families, equestrians, or anyone seeking the space and freedom of a countryside lifestyle without total isolation. There is a covenant on the property to state there must be just one dwelling.
