

51 Seven Mile Straight, Muckamore, Antrim, BT41 4SW

PRICE Offers Over £174,950

This is an incredibly rare opportunity to purchase what is undoubtedly one of the quirkiest homes in the local area in the form of a partially converted former public house extending to just shy of 3,000Sq.Ft. Offering spacious accommodation throughout, many of the original features have been retained with the once bustling bar area and counter now forming the basis of the kitchen and informal dining area while the original lounge area now provides a generous living room with plenty of space for multiple sofas or zoning for various uses. Currently benefiting from two well proportioned ground floor bedrooms, one of which has a PVC double glazed door and sidelight opening onto the rear patio, plus a spacious shower room with modern white four piece suite to include a bidet and fully tiled shower cubicle, this property also boasts a utility room and two large store rooms / workshops which could be converted to a multitude of uses (subject to necessary approvals). On the first floor, renovation works have been started with the spacious landing area having already been partially sub-divided to create another large store room and only basic work carried out to the large function room with feature front window.

Priced to reflect the need for further renovation, this property could easily be lived in while work is ongoing with the opportunity available to create something very unique.

Early viewing strongly recommended.
