These particulars are given on the understanding that they will not be construed as part of a Contract, Conveyance or Lease and are subject to the Property remaining unsold or unlet. Whilst every care is taken in compiling information, we can give no guarantee as to the accuracy thereof and Enquirers must satisfy themselves regarding the description and measurements formulated here.

❑ LOCATION

From Banbridge merge onto the A1 North bound, continue on the A1 for 3.1 miles before turning right onto the Drumneath Road, proceed for approx. 0.3 miles and turn left onto a concrete lane, continue along for 0.2 miles and the site is located on your left-hand side.

❑ PLANNING

Reserved matters were granted for the erection of a dwelling and detached garage, granted in April 2004 under Planning Reference Q/2004/0053/RM. Works were commenced to retain the planning permission and the proposed foundations have been completed and building control carried out their inspection in March 2006 to approve these foundations. Substitute plans were updated and granted in August 2022 under Planning Reference LA08/2022/0770/F.

Intending buyers should consult their planning advisor or architect should they have any concerns.

❑ AREA

The site area would appear to extend to approximately 0.4 Acres.

❑ ACCESS

There are several third-party users of the access road to the site including 1 who has access across the South-Eastern boundary of the lands in sale to lands to the East. As per the land transfer map.

❑ VIEWING

By inspection at any time.

❑ OFFERS

Whilst the agents invite offers from interested parties for this property initially on a private basis, we reserve the right on behalf of the Vendors to conclude the bidding (if necessary) by holding a meeting of all bidders on a specified date and time in our office. In the event that a meeting is to be arranged, only those parties with a valid offer on the property can be assured of being notified of the specific time and date.

SECTION 1/50

Example 900 = 220 (220% of 100) means adding 120% to the original 100. If you start with 100 and add 120% of 100, you end up with 220. To find 120% of 100, you have to multiply 100 by 1.20. To find 120% of any number, you have to multiply that number by 1.20. To convert any % to a decimal, you have to divide the % by 100. To convert any decimal to a %, you have to multiply the decimal by 100. Example 900 = 220 (220% of 100) means adding 120% to the original 100.
