

2 Charles Place , Newtownards, BT23 7LU

Located close to the centre of Newtownards town, this mid terrace home has been in the same family ownership from new and would make an ideal and affordable first home or buy to let purchase. Decor wise it would benefit from some modernising to your own tastes but it already benefits from uPVC double glazing & fascia and a new oil fired boiler a few years ago.

The first floor benefits from the additional space above the under pass and offers 3 surprisingly spacious and well proportioned bedrooms, all with built in storage, plus a family bathroom. The ground floor follows a traditional layout of a lounge/diner, with feature tiled fireplace, and a galley style kitchen. Externally everything has been kept low maintenance with paved gardens front and rear, a brick garden shed and a brick boiler house. Early viewing advised.

Offers Around £122,500
