Summary:

The Custom House Residence Development sets the standard in apartment developments in Northern Ireland. The quality of design and finish has not been seen before and is unlikely to be repeated. The development has the ambience of an exclusive boutique hotel and can only be fully appreciated upon internal inspection.

On entry to the development, the ground floor lobby is simply stunning with a polished stone floor, timber panelling to walls and a recessed coffered ceiling with feature lighting. The lift doors and frames have been powder coated to match the bronze ironmongery.

The bespoke furniture, lamps and pictures also create a stunning ambience.

The approach to the apartment itself is once again stunning as there are no corridors in this building and all apartments are served by exclusive lobbies, which serve approximately five apartments per lobby. The finish is again second to none and includes specially commissioned carpet, coffered ceiling with recessed lighting and bespoke furniture, lamps and pictures.

The subject apartment is located on the second floor and has exceptionally well appointed and presented accommodation comprising of one double bedroom, luxury shower room featuring sanitary ware by The Yard and a bright and a spacious living room with dining area open to a Siematic German kitchen with an excellent range of built in appliances. The apartment boasts a stunning outlook directly over Custom House Square and benefits from a balcony accessed from both the bedroom and living room.

The apartment also benefits from the use of a secure gated bicycle store located in the basement carpark.

Early viewing is advised.
