OUTLINE PLANNING PERMISSION
Planning (Northern Ireland) Order 1991

Application No: M/2006/0127/O
Date of Application: 26th January 2006

Site of Proposed Development: 400m East of 17 Aghnagar Road Dungannon

Description of Proposal: Proposed dwelling

Applicant: Agent:
Address: Address:

Drawing Ref: 01

The Department of the Environment in pursuance of its powers under the above-mentioned Order hereby

GRANTS OUTLINE PLANNING PERMISSION

for the above-mentioned development in accordance with your application subject to compliance with the following conditions which are imposed for the reasons stated:

1. As required by Article 35 of the Planning (Northern Ireland) Order 1991, application for approval of the reserved matters shall be made to the Department within 3 years of the date on which this permission is granted and the development, hereby permitted, shall be begun by whichever is the later of the following dates:-

- i. the expiration of 5 years from the date of this permission; or
- ii. the expiration of 2 years from the date of approval of the last of the reserved matters to be approved.

Reason: Time limit.

Application No. M/2006/0127/O

2. Approval of the details of the siting, design and external appearance of the buildings, the means of access thereto and the landscaping of the site (hereinafter called 'the reserved matters'), shall be obtained from the Department, in writing, before any development is commenced.

Reason: To enable the Department to consider in detail the proposed development of the site.

3. The proposed dwelling shall exhibit the traditional elements of rural design, particularly in form, proportion and finishes, as set out in the Department's Planning Strategy for Rural Northern Ireland.

Reason: To ensure the dwelling is in keeping with the character of the rural area.

4. The proposed dwelling shall have a ridge height of less than 7.0 metres above finished floor level.

Reason: To ensure that the dwelling is in keeping with the character of the rural area.

5. The depth of underbuilding between finished floor level and existing ground level shall not exceed 0.45 metres at any point.

Reason: In the interest of visual amenity.

6. The existing mature trees and natural screenings of this site, along the western and southern boundaries of the approved plan date stamped 26 January 2006, shall be retained and no lopping, topping, felling or removal shall be carried out.

Reason: To ensure the development integrates into the countryside and to ensure the maintenance of screening to the site.

7. A landscaping scheme shall be agreed with the Department at Reserved Matters stage and shall include a survey of all existing trees and hedgerows on the land, together with details of those to be retained and measures for their protection during the course of development. The scheme shall detail species types, siting and planting distances and a programme of planting for all additional landscaping on the site and will comply with the appropriate British Standard or other recognised Codes of Practice. The works shall be carried out during the first available planting season after the occupation of the dwelling.

Reason: To ensure the provision of a high standard of landscape.

8. A scale plan at 1:500 shall be submitted as part of the reserved matters application showing the access to be constructed in accordance with the attached form RSI.

Reason: To ensure there is a satisfactory means of access in the interests of road safety and the convenience of road users.

Informatives

1. This approval relates to stamped approved drawing No. 01 which was received on 26 January 2006.

2. With regard to the above Condition No. 03, you are advised that in order to meet the requirements of the Department's Design Guide for Rural Northern Ireland, the form and shape of the dwelling will normally fall within the following parameters:-

- i. The width of the dwelling frontage, should be up to a maximum of 18 metres or 20 metres if the roof line is broken or frontage set back.
- ii. The external gable depth (front to back) of a dwelling should not exceed 9 metres and only 7 metres in sensitive locations.
- iii. The roof pitch should be within the range 35 to 40 degrees except when gable depth is below 7.5 metres, then 45 degrees is acceptable.
- iv. The front elevation should not have any projection or return other than a simple pitched roof storm porch if desired. Returns must always be subservient.
- v. Any chimney breast should be internal, with the chimney stack positioned centrally on the ridge, preferably at the gable end of the dwelling.

3. Water supply not available. The nearest public water main is located approx 330m distance.

4. Foul water sewer not available. The use of a septic tank, (on the basis of one for each dwelling) is subject to the necessary written consent being obtained from the Environment and Heritage Service and the approval of the local District Council Environmental Health section.

Where approval to the use of a septic tank disposal system is granted and the applicant wishes the Water Service to provide a periodic desludging service the applicant must complete the necessary 'Form of Agreement' and adhere to the construction requirements contained therein. Contact Water Service's Customer Services Unit to obtain a 'Form of Agreement' form, or telephone Waterline on 0845 7440088.

5. Surface water sewer not available. Surface water must not be taken to the foul sewer. Where it is proposed to discharge surface water to a river, stream or watercourse prior written consent for such discharge must be obtained from the Department of Agriculture's River Agency.

6. To ensure compliance with the Water and Sewerage Services (Northern Ireland) Order 1973, as amended 1993, consultation with Water Service is essential at design stage with regard to the following matters:

- (a) water supply requirements;
- (b) septic tank emptying;

Contact Water Service's Customer Services Unit or telephone Waterline on 0845 7440088.

OUTLINE PLANNING PERMISSION
Planning (Northern Ireland) Order 1991

Application No: M/2005/0759/O
Date of Application: 8th April 2005

Site of Proposed Development: 450m East of 17 Aghnagar Road, Dungannon.

Description of Proposal: Proposed dwelling.

Applicant: Agent:
Address: Address:

Drawing Ref: 01

The Department of the Environment in pursuance of its powers under the above-mentioned Order hereby

GRANTS OUTLINE PLANNING PERMISSION

for the above-mentioned development in accordance with your application subject to compliance with the following conditions which are imposed for the reasons stated:

1. As required by Article 35 of the Planning (Northern Ireland) Order 1991, application for approval of the reserved matters shall be made to the Department within 3 years of the date on which this permission is granted and the development, hereby permitted, shall be begun by whichever is the later of the following dates:-

- i. the expiration of 5 years from the date of this permission; or
- ii. the expiration of 2 years from the date of approval of the last of the reserved matters to be approved.

Reason: Time limit.

2. Approval of the details of the siting, design and external appearance of the buildings, the means of access thereto and the landscaping of the site (hereinafter called 'the reserved matters'), shall be obtained from the Department, in writing, before any development is commenced.

Application No. M/2005/0759/O

DC1001MW

Omagh Planning Office

See also Explanatory Notes attached

Reason: To enable the Department to consider in detail the proposed development of the site.

3. The proposed dwelling shall exhibit the traditional elements of rural design, particularly in form, proportion and finishes, as set out in the Department's Planning Strategy for Rural Northern Ireland.

Reason: To ensure the dwelling is in keeping with the character of the rural area.

4. The proposed dwelling & cartilage shall be sited in the area shaded green on the approved plan No.01 date stamped 8th April 2005.

Reason: To ensure that the development integrates into the landscape in accordance with the requirements of the Department's Rural Strategy.

5. The proposed dwelling shall have a ridge height of less than 7 metres above finished floor level.

Reason: To ensure that the development is integrated into the landscape in accordance with the requirements of the Department's Rural Strategy.

6. The depth of underbuilding between finished floor level and existing ground level shall not exceed 0.45 metres at any point.

Reason: In the interest of visual amenity.

7. A landscaping scheme shall be agreed with the Department at Reserved Matters stage and shall include a survey of all existing trees and hedgerows on the land, together with details of those to be retained and measures for their protection during the course of development. The scheme shall detail species types, siting and planting distances and a programme of planting for all additional landscaping on the site and will comply with the appropriate British Standard or other recognised Codes of Practice. The works shall be carried out during the first available planting season after the occupation of the dwelling.

Reason: To ensure the provision of a high standard of landscape.

8. The existing natural screenings of this site, along the entire boundaries of the approved plan date stamped 8th April 2005 shall be retained and no lopping, topping, felling or removal shall be carried out unless necessary for the provision of visibility splays.

Reason: To ensure the development integrates into the countryside and to ensure the maintenance of screening to the site.

9. The area within the visibility splays and any forward sight line shall be cleared to provide a level surface no higher than 250mm above the level of the adjoining carriageway before the commencement of the development hereby permitted and shall be retained and kept clear thereafter.

Reason: To ensure there is a satisfactory means of access in the interest of road safety and the convenience of road users.

Application No. M/2005/0759/O

DC1001MW

Omagh Planning Office

See also Explanatory Notes attached

10. A scale plan at 1:500 shall be submitted as part of the reserved matters application showing the access to be constructed in accordance with the attached form RS1.

Reason: To ensure there is a satisfactory means of access in the interests of road safety and the convenience of road users.

11. Subject to the above conditions, the development shall be carried out in accordance with the stamped approved drawing No 01 which was received on 8th April 2005.

Reason: To ensure the development is carried out in accordance with the approved plans.

Informatives

1. With regard to the above Condition No. 03, you are advised that in order to meet the requirements of the Department's Design Guide for Rural Northern Ireland, the form and shape of the dwelling will normally fall within the following parameters:-

- i. The width of the dwelling frontage, should be up to a maximum of 18 metres or 20 metres if the roof line is broken or frontage set back.
- ii. The external gable depth (front to back) of a dwelling should not exceed 9 metres and only 7 metres in sensitive locations.
- iii. The roof pitch should be within the range 35 to 40 degrees except when gable depth is below 7.5 metres, then 45 degrees is acceptable.
- iv. The front elevation should not have any projection or return other than a simple pitched roof storm porch if desired. Returns must always be subservient.
- v. Any chimney breast should be internal, with the chimney stack positioned centrally on the ridge, preferably at the gable end of the dwelling.

2. Water supply not available.

3. Foul water sewer not available. The use of a septic tank, (on the basis of one for each dwelling) is subject to the necessary written consent being obtained from the Environment and Heritage Service and the approval of the local District Council Environmental Health section.

Where approval to the use of a septic tank disposal system is granted and the applicant wishes the Water service to provide a periodic desludging service the applicant must complete the necessary 'Form of Agreement' and adhere to the construction requirements contained therein. Contact Water Service's Customer Services Unit to obtain a 'Form of Agreement' form, or telephone Waterline on 0845 7440088.

4. Surface water sewer not available. Surface water must not be taken to the foul sewer. Where it is proposed to discharge surface water to a river, stream or watercourse prior written consent for such discharge must be obtained from the Department of Agriculture's River Agency.

Application No. M/2005/0759/O

5. To ensure compliance with the Water and Sewerage Services (Northern Ireland) Order 1973, as amended 1993, consultation with Water Service is essential at design stage with regard to the following matters:-

- (a) water supply requirements;
- (b) foul water and surface water sewerage (Article 17 agreement) requirements;
- (c) trade effluent discharge;
- (d) septic tank emptying;
- (e) existing water main crossing the site;
- (f) existing sewer crossing the site.

Contact Water Service's Customer Services Unit or telephone Waterline on 0845 7440088.

6. The applicant is advised to contact Water Service through its Customer Service's Unit or Waterline on 0845 7440088 upon receipt of this decision to discuss any issues of concern.

7. If during the course of developing the site the developer uncovers a pipe not previously evident the local Water Service should be notified immediately in order that arrangements may be made for investigation and direction in respect of any necessary measures required to deal with the pipe.

8. A Consent to Discharge is required under the Water order (NI) 1999. An application form for such can be obtained by applying to Water Management unit, Calvert House, 23 Castle Place, Belfast, BT1 1FY. A fee is payable for this application.

9. The applicant is to be advised that no work should be undertaken until such is approved. The applicant must ensure that sufficient land will be available to accommodate the septic tank and an effluent dispersal system.

10. To achieve this the applicant should engage the services of a suitably qualified person.

Description of use certified:

Establish the lawful commencement of planning permission (M/2008/1283/RM) by way of excavation of foundations for entire footprint of dwelling to allow future completion at a subsequent date.

SECOND SCHEDULE

Land specified in the Certificate:

**450m E of 17 Aghnagar Road
Dungannon**

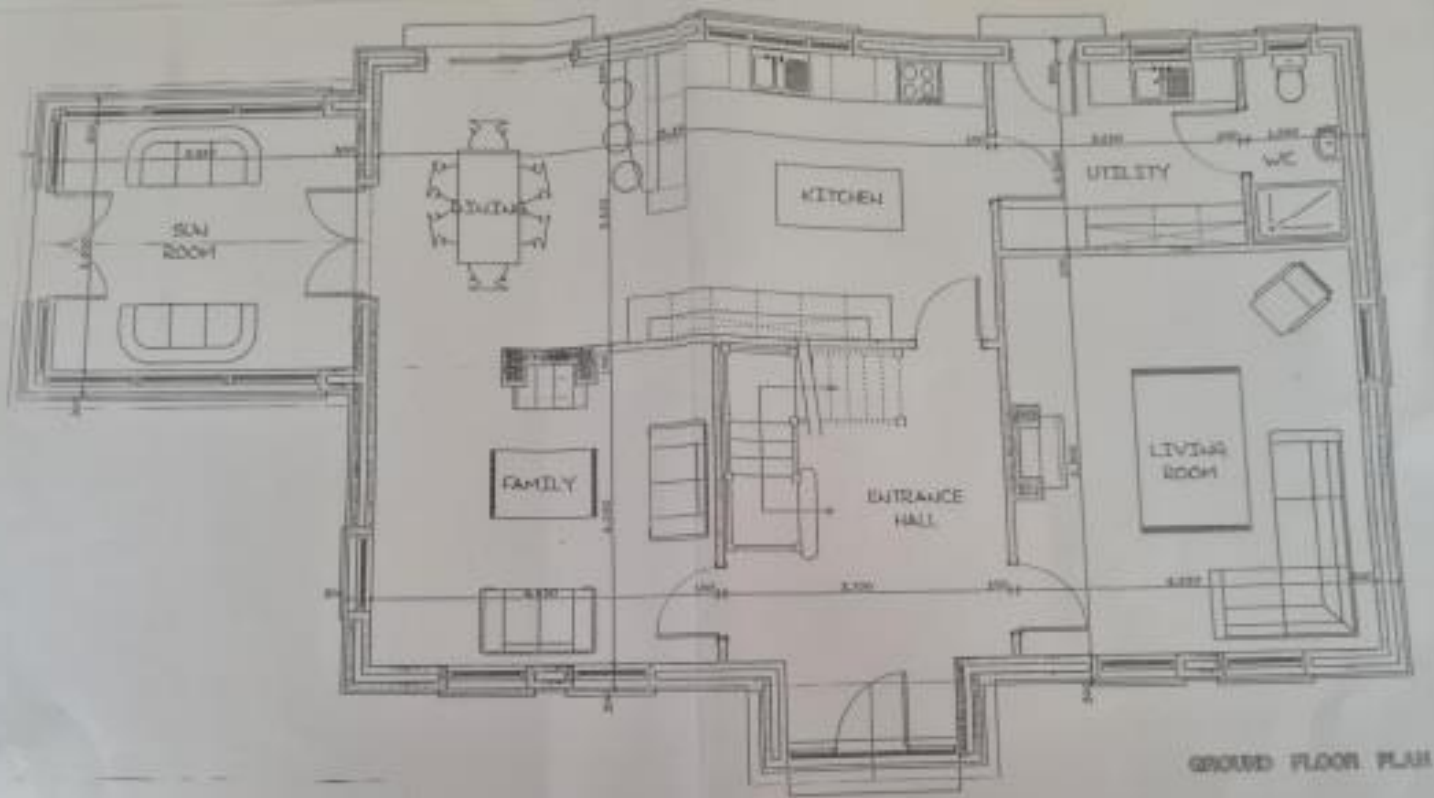

NOTES:

1. This certificate is issued solely for the purpose of Section 170 of the Planning Act (Northern Ireland) 2011.
2. It certifies that the use specified in the First Schedule taking place on the land described in the Second Schedule would be lawful and thus, would not be liable to enforcement action under Section 138 or 139 of the Planning Act (Northern Ireland) 2011.
3. This certificate applies only to the extent of the (use/operation(s)) described in the First Schedule and to the land specified in the Second Schedule and identified on the attached plan. Any (use/operation (s)) which (is/are) materially different from that described or which relate(s) to other land may render the owner or occupier liable to enforcement action.

4. The effect of this certificate is also qualified by the provision in Section 170 (4) of the Planning Act (Northern Ireland) 2011, which states that the lawfulness of a described use or operation is only conclusively presumed where there has been no material change, before the use is instituted or the operations begun, in any of the matters relevant to determining such lawfulness.

5. If this Certificate has been granted in a form which the Council has modified the description of the use, operations or other matter in your application or has substituted an alternative description for that description and if you do not accept the Council's decision you may appeal by giving notice to the Planning Appeals Commission under Section 173 of the Planning Act (Northern Ireland) 2011 and Article 11(6) of the Planning (General Development Procedure) Order (Northern Ireland) 2015.
