Passed For Two Storey Up to 8 Metres Ridge Height

The Property Spot has been instructed to offer for sale this superb building site, located in a popular area, between Tandragee and Marlacoo Lake. It is rare to have a site like this, which fronts on to a Main Road and even rarer to have a site that is passed for a two storey dwelling, with a ridge height of up to 8 metres. The house currently under construction, is next door to the site, the boundary will be between them. The property under construction, is not for sale.
