

We have pleasure bringing to market a beautifully finished example of another converted Villa within the Cunningburn Corn Mill – namely 6B Cunningburn Road. The Mill itself was constructed in 1776 by Alexander Stewart, the owner of Mountstewart Estate. Originally a water driven mill, situated just two miles north of the Estate and close to Strangford Lough and was a working mill until 1932. 6B has been superbly converted into a two-storey villa / dwelling where many original features have been retained and restored.

The property itself is deceptively spacious and has been carefully maintained by the vendor and for the purchaser there is nothing to do but move in and enjoy. The accommodation comprises on the Ground Floor with a lovely spacious Entrance Hall with feature exposed brick wall, Kitchen / Living / Dining, separate Sitting Room with patio doors leading to an enclosed Courtyard with a further Sunroom.
