

## 8A Pound Street , Newtownards, BT23 4LD

"The little house that kept on growing..."

Located in the centre of Newtownards town this detached home is "tardis-like" in the amount of internal space that it offers - nearly 1,300 sq.ft. in total! The property offers a lounge with fireplace (stove removed), a kitchen with oak doors, a generous conservatory, ground floor bathroom and a rear bedroom with ensuite wet room - ideal for anyone with restricted mobility. The first floor offers 3 further bedrooms and a shower room. The property benefits from uPVC double glazing and Phoenix gas central heating. Externally there is a parking area to the front with planted beds and mature shrubs plus a small fully enclosed patio style garden to side and rear. Although we have not carried out any detailed testing we would expect some remedial works to be required to the property, such as damp treatment and upgrading of the electrical installation, prior to redecorating and modernising so buyers are advised to be realistic about their expectations and factor in these potential costs prior to making any offer to purchase. Those requiring a high LTV mortgage are unlikely to be considered. The property has, however, been valued to reflect its current condition, size and potential.

**Offers Around £119,950**
