A rare opportunity exists to purchase 6.7 acres or thereabouts of quality arable lands situated close to the village of Dundrum.

The lands are currently in stubble and divided into two fields with access via a concrete lane leading off the Old Road.

The lands front onto the Mill Pond providing a pleasing setting for the lands which are thought suitable for cropping, grazing and/or cutting.
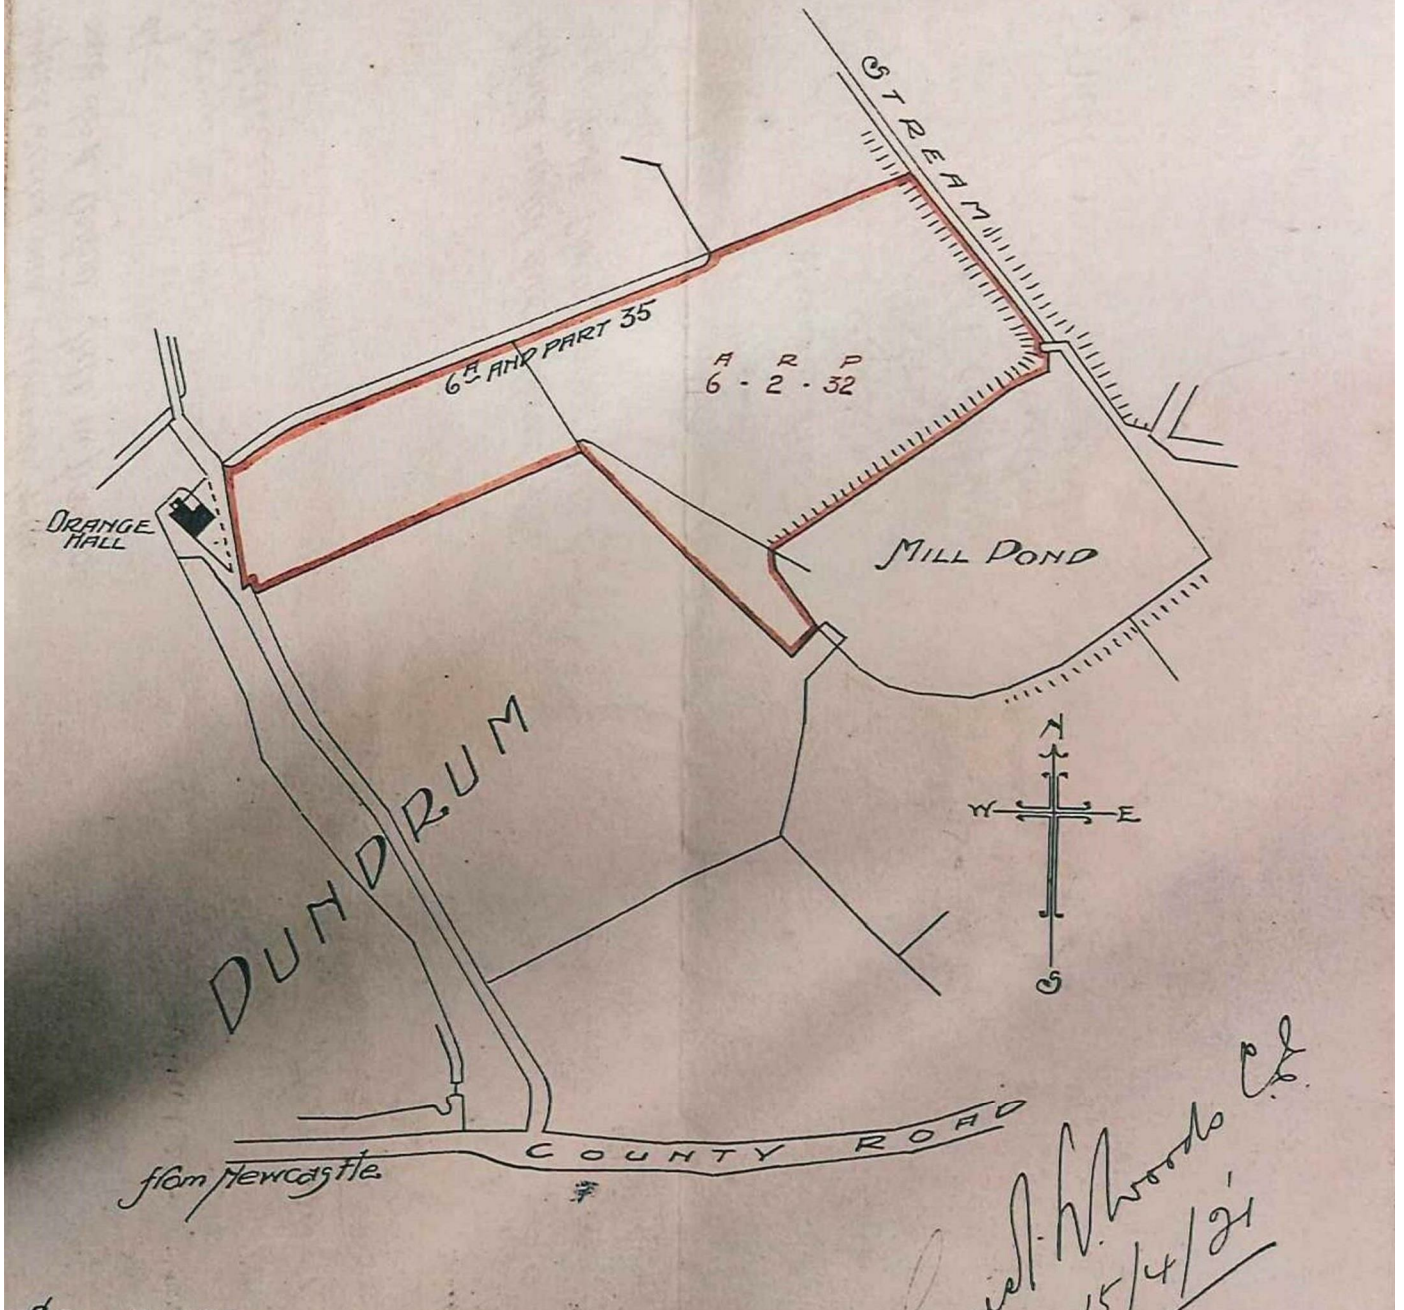

LOCATION: From Dundrum, proceed out the Newcastle Road, take the first road to the right into Old Road, then right up a concrete lane immediately before the cricket ground. Go to the end of the lane and the field is on the right hand side.
