**Proposal and concept.**  
The site benefits from a previous approval LA07/2018/1630/O approved 9th Jan 2019. This application seeks to resurrect that approval.  
The site, extending to approximately 0.07ha / 0.2 acres is roughly triangular in shape. The site layout illustrates that two dwellings can be comfortably accommodated satisfying the surrounding development pattern, size, scale, siting and plot size. The surrounding houses are a mixture of two storey, storey and a half and single storey. Most properties on the southern side of the Commons Road are shallow pitched and are single storey or storey and a half.  
The envisioned design is to have the buildings front and address the Commons Road, allowing a garden area to the front with private amenity space to the rear which will avail of the afternoon / evening sun.  
The proposed design complies with the previous parameters in the Reserved Matters but also allows to maximise space on the first floor allow for modern day living.  
As indicated access to the unit closest to 99 will be paired with the existing access, with the access to the other unit from Marrian Park.
