An impressive 2100 sq ft high efficiency new build home is sitting ready for its new owners.

The property is entered via double gated driveway with the site extending to approx 0.4 acres. Inside, the impressive entrance hall leads you to two separate sitting rooms at the front of the property, one with a wood burning stove.

To the rear of the house is a large, super modern kitchen with a dining / family seating area. The kitchen has an extensive range of storage cupboards, integrated appliances and has sliding doors that open onto the rear patio and garden. There is a further generous utility room and separate wc for added convenience.

On the first floor are 4 king size bedrooms, the master benefiting from an en suite shower room. The family bathroom is fitted with a contemporary white suite with matt black fittings and includes a luxurious freestanding bath and a separate shower cubicle.

One of the main points to note about this property is its thermal efficiency, it has a very impressive B rated EPC. Not only is the property very well insulated but the property has an ECODAN renewable heating system. The high specification Mitsubishi Air Source Heat Pump means there are no gas or oil heating bills for this house. Underfloor heating on the ground floor with traditional radiators on the first floor coupled with zoned heating controls gives you the ability to control the heating in individual areas of the home also.

The property comes with a host of warranties including a 10 year structural warranty.
