Energy Efficient Homes

BALLANTINE
GARDEN VILLAGE

Hillhall Road, Lisburn BT27

The homes at Ballantine Garden Village have been designed to be more sustainable by retaining heat and saving on energy bills. The energy efficiency of these homes will be achieved by using thermally efficient insulation, highly thermal doors and windows, and the latest in heating technology.

Each home is fitted with low profile roof integrated all black solar panel system that will produce electricity - even on a cloudy day.

The benefits of a Solar PV System are that it will reduce your carbon footprint, increase the efficiency of your home and save you money on your electricity bills.

With our low profile roof integrated all black solar panel system, you can save up to £500 per year on your home electricity bills (savings dependent on energy provider and tariff).

Save Up To
£500 Per
Year

on your Home Electricity Bills*

*Savings dependent on energy provider and tariff.

Energy Efficient Homes

BALLANTINE
GARDEN VILLAGE

Hillhall Road, Lisburn BT27

Thermally Efficient Insulation

This is a key component of our homes. We use high specification materials which significantly improve the thermal performance of your home, reducing your heating bills and your carbon emissions.

High Quality Windows & Doors

High specification doors and accredited double glazed windows ensure that the heat in your house stays in your house.

Photovoltaic (PV) Solar Panels

All homes at Ballantine Garden Village will be complete with PV panels. The location and number of panels is determined by computer modelling in order to optimise the efficiency levels. This will allow our home owners to produce their own renewable electricity.

Green Mortgages

Typically, green mortgages offer home-seekers an incentive to buy an energy-efficient house and are usually available for new builds that meet specific criteria such as an energy performance certificate (EPC) rating of A or B. We build homes which meet this criteria, so ask your financial advisor about your green mortgage options.
